PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1c (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1c.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

A 36-acre probable military installation is located four kilometers (km) northwest of Nesterov along the main road to Rava Russkaya (Figure 1). The main rail service is 2.5 km southwest of the installation. The rail line extends northwest to Rava Russkaya and southeast along the outer portions of Nesterov.

Within the installation (Figures 2 and 3)

are three multistory probable barracks, one multistory probable barracks/administration building, one probable vehicle storage/maintenance building, three probable storage buildings, one secured open storage area, six support buildings, and 15 probable dependents quarters.

DESCRIPTION OF INSTALLATION

Railroad Service

The Nesterov-Rava Russkaya single-track rail line passes 2.5 km southwest of Volya Vysotska Army Barracks.

Road Service

Volya Vysotska Army Barracks is served by the main hard-surface road extending northwest to Rava Russkaya and southeast to Nesterov.

Administrative and Troop Housing Area

Area D contains three multistory probable barracks with a capacity of approximately 1,200

troops, one multistory probable barracks/administration building, 15 probable dependents quarters, one probable 275- by 50-foot vehicle storage maintenance building, three probable storage buildings, one secured open storage area, and six support buildings.

The three multistory barracks buildings, one probable vehicle storage/maintenance building, and two probable storage buildings are within a fenced area.
